

City-Wide Inclusive Sanitation Planning for Clean and Healthy Malindi & Watamu Towns

Committee Goal: To be the leader in all-inclusive and sustainable sanitation for growth

Committee members during an inception workshop

The Process

Stakeholders Engaged

- CECMs for Water
- Environment and Natural Resources, Health, Lands and Planning
- Town Manager
- Department of Water
- Department of Public Health
- Department of Lands and Planning
- Department of Environment
- Department of Roads
- Department of Trade and Tourism
- Sub County administrator NEMA
- Malindi and Watamu Environment CBO
- Private Partners (WSUP and Sanivation)
- Water Service Provider (MAWASCO)

CWISP Outcomes

- Increase access to sanitation from 7% to >50% by 2030
- Reduced contamination of beaches and local waterways
- Clarity in service providers mandate
- Sustainable and circular economy sanitation service provision
- Evaluation of sanitation tariff
